A **patriot** is defined by Webster's Dictionary, as a person who loves, supports, and defends his or her country and its interests with devotion.

While **selfless service** is defined as the offering of help or service to others without any thought whatsoever of reward or self-gratification. It can be offered in numerous unlimited ways, from financial assistance to physical help or through avid support, healing and/or teaching.

How do you, as an artist, depict these 2 definitions which together make up this year's 2016 Patriotic Art Competition and Exhibition's theme, "**Patriots Offer Selfless Service!**"?

Students, use your imagination and creative thoughts to develop your art for the competition.

The Carolinas Freedom Foundation is proud of its involvement with the future citizens of our community and for providing an opportunity for talented students to showcase their artistic skills and be recognized in a manner that will be beneficial and follow them through their scholastic careers..
